5.Color optional-Green,blue,grey.
6.with metal holder

Built-in scaler with led(Model:L9)

Automatic frequency tracking,comfortable use
High-quality spare parts;Exquisite production;
working stable

Built-in ultrasonic scaler for dental unit
Mini design,compatiable with variety of dental unit
brands

With led

1 to 1 Air compressor (Model:SN1-1)

- Rated Voltage :220 VAC/50HZ
- Current :3.7A
- Power: 840W
- Volume flow: 105L/Min
- Actuating Pressure :0.47Mpa
- Rated exhaust pressure :0.77MPA
- Gas holder volume :32L-35L
- Noise:58-64DB
- Weight:32KG
- Pakage Size: 42*42*70cm
- 3 colors for options: Blue,green,white

Wireless curing light with metal body

- 1. Wireless dental rainbow led curing light lamp
- 2. Purely dental blue light
- 3. Automatic inactive operation
- 4. High capacity rechargeable battery
- 5. Noiseless operation,low battery alert
- 6. It can solidify 2-3mm deepness in a few seconds
- 7. Full fast charging
- 8. High quality light guide
- 9. Anti-slip base and transport protect design
- 10. Automatic power off/on
- 11. Excellent quality with competitive price.

Simple whitening machine

SPECIFICATION

Input voltage: 100-240V, 50/60Hz

Power consumption: 300W

Light resource: 6-pcs high power LED

Wave length: 420-490nm
